

## The Morning Of

Formed in Newburgh, New York, The Morning Of first came to prominence with their debut EP, *Welcome Change. Goodbye Gravity*. Although the band stuck to playing shows in the northeast, their internet savvy allowed them to build a following -- enough so that the band was able to tour nationally in 2007 and in January of 2008 the Morning Of released their debut LP, *The World As We Know It*.

~ Chris True, All Music Guide

The Morning Of is an indie-rock band from Newburgh, NY signed with Tragic Hero Records which is apart of the East West Music Group of Warner Bros. Records. The band formed in May 2003. Formally known as *Don't Pass Go*, they have been playing under the name *The Morning Of* since 2004.
