City of Newburgh and LeylandAlliance to Hold Open House on Waterfront Project January 10

On January 10 from 7-9 p.m., City of Newburgh officials and LeylandAlliance LLC, the developers of the new Newburgh Waterfront project, will hold an informal open house in the lobby of the Newburgh Free Library at 124 Grand Street. This will be an opportunity for members of the public to meet key development team members, ask questions, and begin a dialogue concerning the 30 acres to be redeveloped within the city's waterfront district.

The open house will include a review of plans for the architectural charrette to be held Jan. 31-Feb. 6 that will establish the planning and design parameters for the development. With input from the public, a vision for the redevelopment will emerge. The charrette will be led by Andres Duany, a pre-eminent New Urbanist planner and founder of Duany Plater-Zyberk & Company. . The Newburgh Waterfront project is expected to incorporate housing, retail space, and office uses into a mixed-use neighborhood. Prominent public spaces will be incorporated into the plan as well.

The public is invited and encouraged to attend the open house, and to participate in the charrette process. Visit www.newburghwaterfront.com or www.leylandalliance.com for more information.
