March 5, 2009

NOTICE OF REQUEST FOR COMMITTEE MEMBERS

The City of Newburgh is seeking volunteers for a land-use committee to participate in the preparation of the future land-use component of the city's Master Plan. Preparation of the land-use component of the plan will require research, analysis and technical assistance to establish land-use categories and identify potential development locations. The City will retain the services of a planning consultant to help in the completion of this work.

The land-use committee will act as a resource to the consultant and to provide guidance when necessary.

Interested candidates should submit a letter of interest and resume to Courtney Kain, ckain@cityofnewburgh-ny.gov or at 83 Broadway, Newburgh NY 12550, by March 27, 2009.
