Fire Hydrant Flushing

The City of Newburgh Water Department will be flushing fire hydrants throughout the City beginning on Sunday, October 12, 2014 and continuing through to completion. This process will take two to three weeks to finish. Residents can call the Water Department at 565-3356 to check flushing locations or for more information.

Customers may notice a discoloration of water or a change in water pressure for a short period of time. Please check water before use. Residents' cooperation and patience during this procedure will be appreciated.
