

# City of Newburgh Skatepark Design Workshop

Wednesday, April 9<sup>th</sup>

Activity Center, Delano Hitch Recreation Park

6:00 pm

401 Washington St.

The City of Newburgh announces the first public meetings to receive input on the design of a new Skatepark. We encourage the public's attendance at this meeting to learn about this project, meet the skatepark designers from Grindline Skateparks, Inc. and contribute their ideas and opinions. Cut out pictures of spots from magazines, bring pictures of local spots, and bring your ideas for elements in this skatepark.
