## Form CE-200 (12/08)

**Effective December 1, 2008**, please use the following revised Form CE-200 as part of the enforcement of Section 57 and Section 220 of the New York State Workers' Compensation Law and Section 125 of the General Municipal Law (Form CE-200 replaces the old forms WC/DB-100, WC-DB-101 and C-105.21.):

### **Form CE-200, Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage**

This certificate can **ONLY** be used to attest to a government entity that the applicant requesting a permit, license or contract from that government entity is not required to carry New York State specific workers' compensation and/or disability benefits insurance.

**IMPORTANT:** *These certificates cannot be used to waive the workers' compensation rights or obligations of any party.* The applicant may **NOT** use this certificate to show either another business or that business's insurance carrier that such insurance is not required.

If appropriate, the applicant requesting a permit, license or contract from a government entity must complete Form CE-200, print a copy of it and give it to the **government entity** issuing the permit, license or contract.

The Board may investigate entities using this certificate to claim exemption from the coverage requirements of the Law. Any false statement, misrepresentation or concealment will subject business owners to **felony** criminal prosecution, including jail and civil liability in accordance with the Workers' Compensation Law and all other New York State laws.

Form CE-200 reflects a totally new process for granting exemptions from workers' compensation and disability benefits insurance coverage requirements. Historically, the WC/DB-100 exemption forms were: 1) valid for multiple permits, licenses or contracts for which the applicant applied, 2) had to be notarized, and 3) had to be stamped by the New York State Workers' Compensation Board.

Effective December 1, 2008, this process radically changes. **Exemptions** will no longer be valid for multiple permits, licenses or contracts for which the applicant applied. Further, exemptions no longer have to be notarized; nor do they have to be stamped by the NYS Workers' Compensation Board. (Please note that **government agencies may continue to use insurance and Self-Insurance certificates** for multiple permits, licenses or contracts issued to a specific legal entity during the coverage period listed on insurance/self-insurance related certificates).

**Starting December 1, 2008, ONLY** applicants eligible for **exemptions** must file a **new CE-200** for **each** and **every** new or renewed permit, license or contract issued by a government agency. Each CE-200 will specifically list the issuing government agency and the specific type of permit, license or contract requested by the applicant. Applicants for building permits will also need to supply additional information including identifying the specific job location and the estimated cost of the project.

Please ensure that the legal entity name on Form CE-200 exactly matches the legal entity name applying for the permit, license or contract that you are issuing. Please also ensure that Form CE-200 is signed and dated by the applicant.

Each CE-200 will have a certificate number printed on it. You can verify if the CE-200 provided to you by the applicant was actually issued by the Workers' Compensation Board by checking on the Board's website at [www.wcb.state.ny.us](http://www.wcb.state.ny.us).

The applicant is attesting under penalty of perjury that the information contained in the CE-200 is accurate – the Board does not initially verify this information. However, Board staff may investigate applicants filing Form CE-200.

Accordingly, please also verify that the business is eligible for the workers' compensation and/or disability benefits exemption reason described on the CE-200 and notify the Board's investigative staff if there are discrepancies (Board Enforcement Unit phone numbers are listed on page 11 of the instruction manual). For example, if you are licensing a 150 seat restaurant and the applicant indicates on the CE-200 exemption form that he/she is a sole proprietor with no employees, this may indicate a problem.

To make this process as easy and as efficient as possible for business owners, the vast majority of these forms will be processed electronically on-line. Applicants having access to the internet will be able to fill out the CE-200 on the internet and **immediately** upon completion, **be able to print out a hard copy of the CE-200** that they will then submit to the government agency issuing the permit, license or contract. Computers with internet access will also be available for CE-200 electronic application processing at Customer Service Centers located in Workers' Compensation Board District Offices.

Filling out the electronic Form CE-200 on the internet is very similar to filling out a hotel reservation request on the internet for frequent travelers. Applicants will be issued a pin number and a password so that they can easily access their information. Once an applicant enters his/her basic information on the Board's website, it can be retrieved by that applicant in the future by using that pin number and password when the applicant is applying for another permit, license or contract.

Applicants without access to a computer may obtain a paper application for the CE-200 by writing or visiting the Customer Service Center at any District Office of the Workers' Compensation Board. Applicants using the manual process may wait up to four weeks before receiving a CE-200. Once the applicant receives the CE-200, the applicant can then submit that CE-200 to the government agency from which he/she is getting the permit, license or contract. This delay results from Workers' Compensation Board staff having to manually enter information from the applicant's paper application into the web based application. Accordingly, to avoid delays, all applicants for exemptions are strongly encouraged to use the on-line Form CE-200 on the Board's website, [www.wcb.state.ny.us](http://www.wcb.state.ny.us), under the heading "Forms."

**Certificate of Attestation of Exemption  
From New York State Workers' Compensation  
and/or Disability Benefits Insurance Coverage**

*\*\*This form cannot be used to waive the workers' compensation rights or obligations of any party.\*\**

The applicant may use this Certificate of Attestation of Exemption **ONLY** to show a government entity that New York State specific workers' compensation and/or disability benefits insurance is not required. The applicant may **NOT** use this form to show another business or that business's insurance carrier that such insurance is not required.

Please provide this form to the government entity from which you are requesting a permit, license or contract. This Certificate will not be accepted by government officials one year after the date printed on the form.
