

ATTENTION NECSD PARENTS

iPLEDGE5 CAMPAIGN

The #ipledge5 Parent Promise campaign aims to increase grade-level reading and increase graduation rates. The pledge encourages parents to promise to help “my child stay on track to a bright future” this school year by taking actions that are proven to lead to student success.

As a parent I understand the important role I have in my child's success at school. I pledge to take the following five actions:

- Ensure my child attends school on time every day.
- Create evening and morning routines.
- Talk with my child about his or her day.
- Read with my child each day.
- Connect with my child's teachers.

Take the pledge today. Schools with the highest number of pledges will receive awards each quarter!

**Parents, take the
pledge for your kid's future!**
