Rapid Entry System

Instant fire department access without damaging the door or building

The Rapid Entry System is designed to help fire departments and businesses work together to preserve lives and property. It eliminates the need for fire department officials to maintain and carry cumbersome key rings with hundreds of building keys.

Here's how the Rapid Entry System works:

1. The building owner purchases the Lock Box of his choice and mounts it securely near the entrance. Fire department officials lock the building keys in the Lock Box.

2. To ensure absolute security, Kidde has developed a flexible program for shipping Lock Boxes directly to building owners. Special security keys are supplied only to authorized fire department officials.

3. When a fire alarm sounds at night or on the weekend, the fire department has instant access to the building. Access is fast, easy and safe without the need for the building owner or tenant to drive to the site after hours.

Kidde — a name you can trust:

**Safe and secure.** Keys that open the Lock Boxes are provided exclusively by Kidde. Our SupraSafe 2 High Security units are UL certified antitheft devices. All SupraSafes are steel construction with locking systems designed to withstand attack. Optional tamper switches can be integrated with a building’s alarm system.

**The SupraSafe line** offers a variety of sizes, styles and features. Building owners can custom-tailor a Rapid Entry System to meet their needs.

**Toll-free product support.** You have the resources of the world’s largest lock box manufacturer and the backing of Kidde.

**Help make it safer for the fire department** to protect property and reduce injuries; avoid the expense of replacing a costly door or window due to unnecessary forced entry.

For more information call 800-654-9677 x 3048365
Rapid Entry System Order Form

This form must be filled out completely or your order will be delayed.

1. Orders must be prepaid.
2. Fill in your billing and shipping address.
3. Contact your fire department for their system code.
4. Submit order via:
   - Mail: Kidde Safety, 1016 Corporate Park Drive, Mebane, NC 27302
   - Phone: 800.654.9677 Ext.: 3048365
   - Fax: 800.547.2111

All Kidde Safes come with black polyester textured powder paint, wall anchors and bolts. Optional through-wall mounting kits are recommended for non-recessed units for higher security.
